SKILLS

UX & Research: User Research, Usability Testing, Heuristic Evaluation, Competitive Analysis, Wireframing, Prototyping, Design Systems, Responsive Design, Survey Design, Design Thinking
Design Tools: Figma, Adobe XD, Canva, Inkscape, WordPress (Gutenberg), Qualtrics
Development: JavaScript, React, HTML5, CSS3, PHP, SQL, MySQL, C++, Python, Java, jQuery, AJAX, JSON, REST APIs
Operations: Event Logistics, Vendor Floor Planning, Email Marketing, Appsmith, OpenText Content Server, Prompt Engineering

EXPERIENCE

UX Researcher and Logistics Coordinator Feb 2026 – Present
Canada Super Collectibles, Toronto, ON
- Raised email click-through rate 188% across 8,000+ subscribers by redesigning layouts for hierarchy and CTAs
- Designed 16 interactive SVG floor plans optimizing vendor placement and navigation for 1,000+ attendee events
- Synthesized audience data from 5 social accounts (20K+ followers) into recommendations on target demographics

Database and Web Developer Jan 2025 – Apr 2025
Dan School of Drama and Music, Queen's University, Kingston, ON
- Built an interactive web application used across 6 performances of a Queen's theatrical production, using HTML5, CSS3, JavaScript, PHP, and MySQL
- Developed a PHP algorithm generating a new daily scene order across 7 acts and 60 scenes, preserving structure with zero failed updates over the 6 day run

Frontend Developer Intern Sep 2023 – Dec 2024
NB Power Nuclear, Point Lepreau, NB
- Led front-end modernization of 14 legacy applications with JavaScript, HTML/CSS, SQL, and AJAX for responsive UX
- Delivered performance optimizations and UI/UX improvements across 22 company products
- Designed SQL database architecture for a document management system holding 10,000+ nuclear procedures
- Built REST API endpoints handling 100+ daily requests for real-time data visualization

VR Software Developer Jul 2024 – Nov 2024
Human-Computer Interaction Lab, University of New Brunswick, Saint John, NB
- Developed interactive React UI components to display VR environment data, with optimized C++ application running at 250 FPS (4 ms per frame)

LEADERSHIP AND TEACHING

Teaching Assistant, Master of Digital Product Management (MDPM 855) Summers 2023 & 2024
Queen's University, Remote
- Taught UI/UX principles to 120 graduate students and led workshops on user research and design thinking

UI/UX Designer, Queen's Computing Students' Association (COMPSA) Jul 2022 – Apr 2023
- Redesigned the association website in Figma: user research, wireframes, tested prototypes, and a design system

Events Director, Queen's Computing Students' Association (COMPSA) May 2021 – May 2022
- Led a 5-person team to plan and run events for 200 computing students, managing budgets and timelines

EDUCATION

Master of Information, User Experience Design | University of Toronto Sep 2025 – Apr 2027 (expected)
Bachelor of Computing (Honours), Dean's Honour List | Queen's University 2020 – 2025

CERTIFICATIONS

Google UX Design Professional Certificate, Coursera 2023
TCPS 2: CORE-2022, Canadian Panel on Research Ethics 2025
